Sir,

I am to forward herewith a copy of letter dated the 12-12-52 from the Shirhatti Electric Supply Company to the Senior Government Auditor of this department who had been to audit the accounts. The non-submission of accounts by the Company has resulted in the dislocation of the programme of the Senior Auditor.It is therefore, not possible for this office to provide for the audit until the accounts are received in this office .This is brought to the notice of Govt.for taking such further action in the matter as it may consider necessary.

It is also understood from the Senior Auditor, that the electric Supply Company by the name of Kundgol Electric Supply Co.is not functioning and that two letters addressed to them brought no replies.Govt.may therefore make enquiries in the matter, in consultation with the Electrical Engineer to Govt. of Bombay, if necessary, and intimate to this office the final decision.

The Examiner, P.3 O.A.D reported in February 1952 that the Shirhatti El. Supply Co. does not maintain and submit proper accounts in the prescribed forms. and hence it is not possible for him to conduct audit. The Supply Co. at Shirhatti was asked P.9 to furnish a true copy of the sanction granted under section 28 of the I. E. Act by the Sangli State. In spite of reminders the Co. has not complied with our request. A copy of Sangli State Gazette dt. the 7th June 1937, containing the sanction granted to the Supply Co. has since been found out and put up below. It will be seen from the portion marked 'A' × that clause II of the Schedule to the I. E. Act 1910 has been made specifically applicable to the sanction granted to this Co. The Supply Co. is thus under obligation to maintain and submit the accounts for the audit under the provision of the I. E. Act 1910. Failure on the Supply Co's part to do so will amount to breach of the term of the sanction and hence Govt can cancel it. The El. Engr. to Govt. may be requested to ask the local officer concerned to contact the representatives of the Co. and explain them the correct position and report to Govt whether they still insist in not complying with the terms of the sanction and maintain

Returned, with compliments with Unofficial Reference No.ACP 3052/10833, dated the 7th February 1953.

2. The Assistant Electric Inspector, Dharwar who had visited Shirhatti to contact the representatives of the Supply Company has now reported that the electric supply to the street lights has been discontinued from 15th February 1953, while the supply to other consumers was disconnected long before. Thus the suppl to the whole of the town has been totally stopped and there appears to be no possibility of the same being restored as the Supply Company is not sound enough to bear the financial loss.

In view of the alosure of the Supply Company, the question of maintaining the accounts need not be persued.

Respected Sir,

Your kind and welcome letter came to hand and noted the contents therein.

In accordance with your honours letter we should have supplied the accumb to your honour; but at the same time being private-men as well as a very small pressure of 110V. we have not kept any kind of accumb. and also inspectors of Shimoga had been here and made examination of Shimoga also visited. The information from Tilavalli will be seen by your honour.

And also we have now started the Co.

I hope your honour may please excuse us for the delay.

Hoping for favourable reply from your honour at early

Yours obediently
